

# West Moors Memorial Hall

## Using Bouncy Castles or Other Land Based Inflatables

The Hall's Public Liability Insurance has an extension that covers the non-commercial hirers of the hall to use Bouncy castles or other land based inflatables providing that you adhere to the following guidelines:

**You as the hirer must ensure that:**

1. Access and use is controlled by an authorised adult at all times.
2. The bouncy castle must not be used outside the Hall building.
3. Soft matting should be used to cover hard surfaces adjacent to the front or any open sides where there is a risk of injury from falling from the inflatable. Please check, **in advance**, with the owner of the bouncy castle that they will provide all the matting necessary as often they only put matting at the exit.
4. You follow the manufacturer's or supplier's safety recommendations.
5. Users of the castle must remove articles like shoes, buckles, jewellery or any sharp items.
6. You do not allow overcrowding, particularly by children (to prevent knocking into each other).
7. You do not allow a mix of large and small children at the same time (to avoid larger children crushing the smaller ones).
8. You do not allow adults and children at the same time.
9. You do not allow any access to the very youngest children, eg under 2 years old.

**If you do not follow these guidelines then any insurance claim that arises may not be covered.**

Material damage for any bouncy castle/inflatable is not included in the Hall Insurance policy and is the responsibility of the owner.

Please note that West Moors Memorial Hall does not permit the use of trampolines.

**October 2023**
